

LICKING COUNTY WINS THE W. S. S. CHAMPIONSHIP, NOW LET'S LAND THE VICTORY MEMORIAL SHAFT!

Licking county has won the "World Championship" in the Letter Carriers' War Savings Stamp Sales Contest which ended Saturday night. The champion W. S. S. salesman among 100,000 mail carriers is James G. Cooper, of Newark.

The sale of War Savings Stamps at the Newark postoffice in a single day, Saturday, August 9, amounted to more than \$40,000—a record breaker. In three hours at the close of the contest Cooper sold over \$10,000 worth of stamps.

Cooper's success is a splendid stimulus to

this county's effort to win the Victory Memorial Shaft. While complete figures are not as yet available, there is no doubt that the heavy sale here on Friday and Saturday has put Licking county again in first place. Other counties are striving to win the Shaft and some of them are conducting special drives this week.

Licking county's famous War Organization, of which Edwin C. Wright is the general chairman, gets into the W. S. S. campaign tonight and during the next three days will conduct a house-to-house canvass in Newark and

over the county. Every township is well organized. City Manager Fenberg has every Newark factory well organized for the three-day campaign.

Many people are buying the limit—200 stamps. If those who can afford to buy the limit and if all will buy according to their ability, there will be no question about the result.

There's no sacrifice in buying in W. S. S. It is only saving money and loaning it to the government, where it is available for use any time. No chance of loss. W. S. S. constantly grow in value. They can't possibly go below par.

That's why they are the world's best investment.

Now that Cooper has been made a world champion, thus bringing to Licking county widespread publicity of the right kind, why not go a step farther and win the Victory Shaft—a granite memorial that will commemorate for all time this county's part in the world war?

Some said that Cooper couldn't win, but he did win. Some declare that Licking county can't win the shaft. Let's see. The contest has twenty more days to run. Licking has the pole in the race. Let's pull together and see how it feels to win.

MANY STRIKERS RETURN TO WORK IN R. R. SHOPS

Others Voted to Remain Out Until Wage Demands Are Met.

STRIKERS PLAN NATIONAL CONFERENCE ON THURSDAY

Men Refuse to Return to Work While Hines Delays Action.

Chicago, Aug. 11.—Striking Federated railway men returned to work at a number of points today, while at others they voted to remain out until their demands for increase of wages were granted. Plans for holding the national conference of strikers called for next Thursday went forward today by the Chicago district council.

Action to be taken at this conference is now up to the director general of railroads, Dr. S. S. Hines, secretary of the Chicago council, said.

"We expect word from Washington some time today. Should the administration delay action further the men will refuse to return to their jobs."

Widening of the breach between local units and the international heads was made apparent with receipt of a telegram from B. M. Jewell, head of the railway division of the American Federation of Labor, declaring that strike locals would not be permitted to cast ballots in the vote being taken on the question of a strike August 24. Reports were received at council headquarters that strikers had burned some of the ballots sent out from international head quarters.

NEW YORK COMMUTERS SUFFER FROM STRIKE

New York, Aug. 11.—Thousands of commuters who make a round trip daily from their homes in Westchester county and their places of business in New York were confronted today with the problem of finding other means of transportation than the trains of the New York, New Haven and Hartford railroad. Service on the Harlem River division was suspended yesterday owing to the strike of the railway shopmen resulted in the 23 trains usually run on that division being discontinued.

To relieve the situation the majority of the buses which were rushed from New Jersey to Brooklyn last week on account of the strike were being sent to points along the Harlem river division. In addition private automobiles were pressed into service in the emergency.

The seriousness of the strike situation

WILSON REFUSES SENATE REQUEST FOR BLISS LETTER

Says It Would Be Unwise to Deliver Documents of Peace Conference to Senate Committee.

Washington, Aug. 11.—President Wilson wrote Chairman Lodge of the senate foreign relations committee today that it would not be possible to comply with the committee's request for the documents used by the American peace commissioners at Paris in negotiating the peace treaty.

The President refused to send the committee a copy of General Bliss letter concerning the Shantung settlement on the ground that it contained confidential references to other governments in the various countries which are now in connection with him in his efforts of peace with Germany, and the president does not wish to disclose the fact more in mass that it would be impossible for me to supply them without bringing from Paris the whole file of papers of the commission itself, which would include many memoranda which it was agreed on grounds of public policy, it would be unwise to make use of outside the conference.

CHICAGO PASTOR TAKES WOOSTER PRESIDENCY

Wooster, O., Aug. 11.—Rev. Dr. Charles Frederick Wishart of Chicago, former head of the education board of the Presbyterian church, will take up his duties as president of Wooster College when the school term opens in September. Dr. Wishart yesterday announced to his congregation in Chicago that he had accepted the presidency of the college which had been tendered him several months ago.

Dr. Wishart was born in Mansfield, O., in 1870, and was educated at Monmouth College and the United Presbyterian seminary.

COOPER WINS W. S. S. CONTEST; WILL TAKE TRIP WITH EXPENSES PAID

Newark Letter Carrier Beats Nearest Competitor By Two to One—Total Sales Reach \$163,000—Sells \$10,000 Worth in Three Hours Saturday Night.

Licking county has a "world champion" in the person of James G. Cooper, 209 North Gay street, Newark. Mailcarrier Cooper has sold more War Savings Stamps than any letter carrier in America—he is the leader among 100,000 men.

Cooper is credited with sales amounting to \$163,000. His nearest competitor in Ross county (Allentown) sold \$83,650 worth of W. S. S.

The happy result of the mailcarriers' W. S. S. contest which came to a close Saturday evening, is a tremendous boost to Licking county in its effort to win the Victory shaft. While the official figures on last week's sales in other counties of the state are not yet available, it is practically certain that this heavy stamp sales of last Friday and Saturday have put Licking once more in the lead. All during June

and July this county maintained a comfortable lead in the shaft race, but through a sharp campaign Newark county sold \$52,000 worth of W. S. S. to nearly 5000 in number—returned to work this morning, following ratification by union officials of the majority vote taken in a mass meeting Saturday night. Reports from the railroad yards were that all the men had returned to work. Union leaders stated, however, that in case the unions demands were not met by September 2, a general strike would be called.

O. E. TRAINMEN TO TAKE VOTE ON WAGE OFFER

Officials of Company Agree To Give Three Cents An Hour Increase After Conference.

Cincinnati, Aug. 11.—A proposition by the operating officials to grant a wage increase of 3 cents an hour to the trainmen of the Ohio Electric railway will be voted upon by the men at their division headquarters tonight and tomorrow.

Division headquarters are at Springfield, Newark, Zanesville and Lima. The men now receive 45 cents an hour. Representatives of the trainmen in conference here with Kelsey Schepp and Otto Stevens, president and vice president respectively, of the Ohio Electric, Saturday and Sunday, had demanded a cent an hour increase in wages contract recognition of the union and time and a half for overtime.

The vote depends the situation on the entire Ohio Electric system," said James Larmon, international representative of the Amalgamated Association of Street Railway employees at Dayton last night.

The vote will be announced to officials of the road Wednesday and if not in favor of the 3 cent raise an immediate strike of the 529 trainmen will be called, it is understood.

Officials of the local trainmen of the Ohio Electric could not be seen today as they were out of the city. It was stated, however, by members of the brotherhood that a vote would be taken in this city this evening and would be forwarded to general headquarters to-morrow on whether the men accept the 3 cents offered by the company or stick to their original demand. The result will probably mean that the whole system will be tied up to a standstill.

AMERICA PROTESTS TO MEXICO AGAINST LAW

Washington, Aug. 11.—Repeated protests against the Mexican law of the Mexican state of Sonora, which regards as immoral to American interests and would include many memoranda which it was agreed on grounds of public policy, it would be unwise to make use of outside the conference.

COLUMBUS STRIKERS RETURN TO SHOPS

Columbus, Aug. 11.—Striking shopmen of the Pennsylvania, Norfolk & Western, Toledo & Ohio Central railroads here—nearly 5000 in number—returned to work this morning, following ratification by union officials of the majority vote taken in a mass meeting Saturday night.

DRY ENFORCEMENT BILL IS MODIFIED IN REVISED DRAFT

Senate Judiciary Committee Takes Up Bill In New Form.

SEVERAL PROVISIONS ARE MADE LESS DRASIC

Limits Fund Made Available To Secure Observance of Law.

Washington, Aug. 11.—Prohibition enforcement legislation advanced another step in committee today when the Senate judiciary committee began consideration of the bill passed by the house last June as amended and liberalized by the judiciary sub-committee.

Although the general house plan for enforcement of war time and constitutional prohibition remain in the bill, the sub committee eliminated several drastic house provisions and modified others. In its work the sub committee first revised the senate enforcement bill and then incorporated their amendments in the house bill, reporting the matter as amended by unanimous vote to the full committee.

Like the house the senate sub committee adopted the plan of having separate sections in the bill to deal with war time and constitutional prohibition.

The sub committee left unchanged the house definition of intoxicating beverages as those containing one half of one per cent or more of alcohol.

As revised, the bill will not interfere with storage and personal use of intoxicants in the homes of individuals.

Probably the most liberal amendment to the house bill is a provision exempting from penalties any person "manufacturing non-intoxicating cider and fruit juices especially for use in the home." This would permit home manufacture of light wines and cider for personal consumption and the amendment, except by implication in connection with the definition of intoxicants does not define "non-intoxicating" beverages.

Stricken from the house bill was the provision making it unlawful for persons to be intoxicated or to drink liquor on trains, street cars, trolley cars or other public conveyances.

Another liberalization is a provision that reports of manufacture, sale and transportation of liquor made to the internal revenue collector shall not be open to inspection of the general public but kept solely for the scrutiny of the

Peace Conference Changes Its Attitude Toward Occupation of Hungarian Capital By King Ferdinand's Troops.

Paris, Aug. 11.—The peace conference today is changing entirely its attitude toward the Hungarian army in Budapest. The conference is not disposed to leave the Hungarian capital in fact that the same asked the Hungarian government to intercede with the Central powers not to enter Budapest.

While the conference is in session, the Hungarian army in Budapest is to be disbanded, many delegates

say, and the Hungarian government to withdraw its troops to the frontier.

ANDREW CARNEGIE

ANDREW CARNEGIE, STEEL MAGNATE AND CAPITALIST DIES SUDDENLY

Succumbs After Three Days Illness of Bronchial Pneumonia at His Summer Home at Lenox, Mass.—Had Been Invalid Two Years Following an Attack of Grippe.

Lenox, Mass., Aug. 11.—Andrew Carnegie, steel magnate and philanthropist, died at his Lenox summer home, "Shadow Brook" at 7:10 this morning after an illness of less than three days with bronchial pneumonia. So sudden was his death that his daughter, Mrs. Roswell Miller, was unable to get to her father's bedside before he died. His wife and private secretary were with him at the end. Mr. Carnegie had spent most of the summer at Lenox, coming here late in May and up to a few weeks ago enjoyed himself in almost daily fishing trips on Lake Mahoneague which borders his big "Shaw Brook" estate, and in riding about his grounds.

He was taken ill Friday and grew steadily worse. His advanced age and lessened powers of resistance hastened the end.

Mr. Carnegie came to Lenox to make his home in May 1917, and had spent the last three summers here. He intended to spend his declining days at his country home here, and when he bought it an announcement was made that Mr. Carnegie would spend all of the spring and summer months there. He came up from New York late in May this year.

Mr. Carnegie leaves his widow, who was Miss Louise Whiteford of New York, and his daughter Margaret, who married last April Emsen Roswell Miller of New York.

WAR WAS SEVERE BLOW.

New York, Aug. 11.—Although Mr. Carnegie was ill for six years, he had been in my old since 1917 when he suffered an attack of grippe. After his return from Europe he was ill for a month, and his health was so bad that he had to give up his work.

Identified along with the international peace movement, Mr. Carnegie was said to have been more severely affected by the world war than most men. He is a hard blow to hear of.

Owing to his ill health, Mr. Carnegie for some time had led a sequestered life and his withdrawal from all public affairs was a severe blow to the peace movement.

proceedings under this section, the burden of proof shall be on defendants to prove that such beverages do not contain more than one half of one per cent of alcohol. The sub committee revision contains the following exemptions, as provided by the house: denatured alcohol, medicinal preparations, patent medicines, toilet and medicinal preparations, flavoring extracts, syrups, vinegar and fruit juices.

The sub committee, however, struck out the house clause that such articles should be "non-potable," prescribing merely that they shall be unfit for beverage purposes.

The house limit of ten days of permits to purchase intoxicants is extended in the revised bill to ninety days. Pharmacists only may sell at retail and licensed physicians only may prescribe liquor. The house requirement for physical examination by physicians of applicants for liquor prescriptions, however, was eliminated.

The house provision limiting physicians dispensing to one pint of liquor in ten days for the same person is retained but modified to provide that such limitation shall apply only to prescriptions "to be taken internally."

More rigorous provisions guarding transactions in wines for sacramental and religious purposes are provided by a provision requiring issuance of such permits only to ministers, rabbis or other ecclesiastics.

House provisions regarding advertising of beverages are made more stringent in some respects and more liberal in others. The sub committee struck out provisions prohibiting sign or billboard advertising, but added a clause penalizing advertisement of intoxicants anywhere, by any means or methods. Also stricken out was a house clause authorizing obliteration of liquor advertising or the use of pictures of a distillery, bottle, keg, barrel or other receptacle in advertisements. A new clause permits manufacturers and wholesale druggists to advertise alcohol in trade journals.

Retaining the house provision against advertisement of preparations of formic acid for manufacture of intoxicants.

In defining intoxicating liquor the sub committee retained the following definition provided, however, that the foregoing definition of one-half of one per cent alcohol shall not extend to deacoholized wine or any liquor or beverages produced by the process by which beer ale or porter is manufactured but containing not more than one half of one per cent of alcohol if such liquor or liquid shall be otherwise denominated than as beer, ale or porter. This proviso rejects the request of prohibition advocates for prohibition of beverages which have the appearance of intoxicants.

Another relaxation of the home bill was made in its provision for exemption of persons engaged in legitimate business who are using beer unlawfully. The senate amendment requires "personal knowledge" of such use. The house provision declaring that after February 1, 1920, the possession of beer unauthorized by the law shall be prima facie evidence that it is being kept for sale is retained and strengthened by an addition providing that in the sub committee strengthened this

LEADERS WHO DO NOT LEAD

An army cannot win without leaders with vision and purpose. A navy loses its effectiveness without the right sort of directing genius at the head of its grand fleet and likewise a political party without the right kind of leadership must ultimately meet defeat.

The Republican party in the nation today is lacking in the quality of leadership that is in harmony with the progressive spirit of the age. That leadership is reactionary, in many instances the scepter of power rests in the very hands as during the Joe Cannon regime when standardism and czarism were overwhelmingly defeated in the arena of American public affairs.

There is nothing strange in the attitude of Senator Lodge, Borah, Harding, Penrose, Knox and others in the senate. There is nothing unusual in the attitude of Representatives Mondell, Fordney, Mann and others in the house. They are thinking in the same narrow groove they have always followed. The awakening in American public life during the past ten years has escaped them and left not an impression.

Though they have subscribed to platforms and pledged their party to a League of the Free Nations to preserve the peace of the world, it meant nothing to them and they never intended that such a League should exist. They oppose the League of Nations because it is too big a step forward for their retrogressive mentality.

The Democratic party did not make the League a positive objective. Almost throughly composed of men of progressive thought and action, it is no wonder that the leaders as well as the rank and file endorsed the League from the start. The progressive rank and file of the Republican party did likewise and these men in thought of making it a permanent and certain Republican leader in the Senate changed around when realization opping the League to the fact that any scheme of forming the League continued.

Their field against the League and the President grew in better and better. They have gone so far as to come along with the motto that the nation is not with them.

In a case of poor leadership that the Republic party is concerned with now in the Senate, one of its best in Ohio, where it is located, A. Curtis, strength, is seeking to make his branch permitted and new members facts to direct the course of action rather than to prevent the old members of the legislature from becoming the dominating stock of the committee.

Poor leadership leading the Republi-

LITTLE TALKS ON THRIFT

By S. W. STRAUS, President of the American Society for Thrift.

All persons who are interested in the development of thrift in the United States will note with gratification the fact that during the war our Postal Savings bank deposits increased more than \$34,000,000 and there was an increase of \$100 in each account. These figures reveal a phase of thrift activity that is entirely distinct, for Postal Savings bank deposits represent the frugality of the most illiterate and most poorly paid of our citizens.

Every dollar of the \$34,000,000 saved by these poor people during the War tells an inspiring story of grave personal sacrifices.

Postal Savings bank statistics are the reports of the primary class in the great American School of Thrift.

The importance of these savings lies not in the amounts of money involved, but in the sources from which they come and the spirit of fortitude that accompanies their accumulation.

Over 70 per cent. of the depositors in the United States Postal Savings banks are persons of foreign birth. A very large number of them came to our shores practically penniless, with little or no education and with

no advantages excepting strong bodies and a worthy ambition to become good citizens in the land of their adoption.

Out of the fruits of their hard toil, they are able to save a little week by week and month by month in order that their children may have advantages that the parents have never known.

Their patient sacrifices constitute a lesson that should inspire all of us.

If they, in the midst of their poverty and ignorance can plant the seeds of thrift, how much easier should it be for us, who are possessed of so many superior advantages, to be thrifty!

In these days of grave social unrest the United States Postal Savings bank system should receive every possible encouragement because of the splendid habits of thrift it is inspiring among our alien-born citizens. It appeals to these people because of their sublime faith in the honor and stability of the United States Government. Uncle Sam is their great good friend with whom they can with perfect faith trust the savings that mean so much to them.

The best place in the world to learn thrift is in the home, and if the lessons are learned amid scenes of hardship and poverty, they are all the more deep and lasting. These thrift lessons, in turn, will be handed down to the next generation so that the Postal Savings bank deposits of to-day will exert a stabilizing influence on posterity to an extent and value beyond the power of calculation.

A LIVING DEMONSTRATION.

(New York Evening Sun)

The Canadian Pacific Railroad stands as the most convincing living argument for private ownership of rail transportation. This is in sharp contrast to the state of our own roads. It has been subjected to the severest tests of the war; however, even in many ways than those borne by our own lines. And it has emerged triumphant, stronger than ever and greater too, in popularity.

It gave good service to the Government, at reasonable costs. Beyond that, it afforded very substantial aid: \$40,000,000 of its stock was loaned to the Government and it bought, on the second Canadian loan, \$12,477,000 of bonds. The British Government has not yet had its service in full; nevertheless the road is prosperous and financially sound.

Nor has it done this by any inglorious raise in prices to the public. The shipper and passenger are pleased, as they are getting good service. On the other hand, its employees are well paid and have their full share in the prosperity. Threatened labor troubles were settled in advance, and it had had no strikes such as ours. Its men got the equivalent of the "McMullan scale" as soon as ours did, and they had received double pay.

All this has been by wise, intelligent, honest individual management. Does any sane human being imagine it could be duplicated under our methods of "middle"? Are we so much less intelligent and capable than our Canadian cousins?

Camels supply cigarette contentment beyond anything you ever experienced! You never tasted such full-bodied mellow-mildness; such refreshing, appetizing flavor and coolness. The more Camels you smoke the greater becomes your delight—Camels are such a cigarette revelation!

Everything about Camels you find so fascinating is due to their quality—to the expert blend of choice Turkish and choice Domestic tobaccos.

You'll say Camels are in a class by themselves—they seem made to meet your own personal taste in so many ways!

Freedom from any unpleasant cigarette after-taste or un-pleasant cigarette odor makes Camels particularly desirable to the most fastidious smokers. And, you smoke Camels as liberally as meets your own wishes, for they never tire your taste!

You are always keen for the cigarette satisfaction that makes Camels so attractive. Smokers realize that the value is in the cigarettes and do not expect premiums or coupons!

Compare Camels with any cigarette in the world at any price!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes in ten pack-ages (200 cigarettes) in a glossy, lacquer-covered carton. We strongly recommend this to the home or office supply or when you travel.

New York, Aug. 11.—The probability of musicians and stagehands striking in sympathy with the actors, members of the Actors' Equity Association, who have been able to close 10 New York theatres, added interest to the situation today. One more playhouse will be dark tonight owing to the strike, but two or three of the 10 already closed have been re-opened by the managers, it was announced today.

New York—Ralph A. Blakelock, noted artist, died Saturday in a camp in the Adirondacks.

Cleveland, Aug. 11.—That some milk-producers threatened to withhold their supply from Cleveland in retaliation for the arrests and indictments of W. H. Ingerson of Elyria, president, and six officers of the Ohio Farmers' Co-operative Milk company, was learned here today.

Al Ingerson said he had received telephone and telegraphic messages that this action be taken, but that he refused to listen to such a plan.

The Cuyahoga county special grand jury resumed its investigation of food and milk conditions today after a two-day recess. More indictments are expected in a day or two—possibly today.

PLAN AQUATIC EVENTS AT LAKE FOR SEPT. 1

The Buckeye Lake Yacht club will bring its outdoor season to a close with a swimming carnival and regatta on Labor Day, September 1. The events will be open only to residents of Columbus and vicinity who are registered members of the athletic union. The following events will be on the program: 500-yard handicap, 100-yard handicap, 100-yard handicap, fancy diving for boys of all ages, 100-yard scratch race, boys under 10, 200-yards for girls. In addition to these swimming events, there will be boat races, single paddle and tandem canoe races.

A novelty event called the pillow fight also will be presented. This number always is a favorite. Two contestants perch on a spar hung over the water, facing each other with pillows until穷tunes overhand. An effort is being made to arrange a special 100-yard race between boys' division of the Athletic Club and Jack Lyle of the Pittsburgh Athletic association. These boys are at the last meet in the boy's end A. M. championship, boys winning from Adison by about one yard.

GRANVILLE

(Special to The Advocate)

Granville, May 11.—The difficult features connected with a Sunday afternoon concert were successfully met here yesterday in the closing solo number of the assembly by the Smith Sisters of Mt. Vernon. The afternoon audience, coupled with timidity in applause, does not tend to inspire performers, but did not hinder these young women from putting on a charming performance, aside from amateur, poor and prosaic, and amateurish. Miss Ruthie Smith has a much greater voice and especially good in the lower register, and Miss Linelle reads well and accompanies her sister sympathetically. The program was made up largely of sacred numbers, but as good music is sacred, was heightened by the Rite poem, "Heart of Mine," set by Ted Galloway, and an "Indian Lullaby," with a humming refrain. The only number from oratorio, "Eve Hath Not Seen," from Gaul's Holy City, was the best number on the program from a musical standpoint both in composition and performance. The reader's selections were new and interesting, including a one-act play of the French Revolution, and a revision of the Book of Esther revealing a fine sense of dramatic effect. There were no printed programs, the numbers being announced by each performer. The songs included Lyne's "The Earth Is the Lord's"; Renick's "Rock of Ages"; Galloway's "Heart of Mine"; an Indian Lullaby; Stratton's "Prayer"; Okey's "How Long Will You Forget Me?"; Gaul's "Eve Hath Not Seen"; Buck's "My Religion" and My Lord." The readings were: "The West Land"; "Fighting for France"; "A Cutting From the Book of Esther"; "Mimmo," a one-act play from the French Revolution.

The most enjoyable and the most largely attended assembly yet held in Granville closed Sunday with two sermons by J. Gregory Mantle of Louisville, Ky., and a lantern-slide lecture at 3:30 p.m. by Dr. F. K. Singizer, pastor of the Baptist church in Rangoon, Burma. Dr. and Mrs. Singizer and their children expect to leave soon for their foreign field. The day's exercises were heightened by the musical program by the Smith Sisters, given in the afternoons. The only thing that marred the enjoyment of both visitors and townspeople was the sudden serious illness of the assembly president, R. O. Carter of Cleveland, who left, accompanied by Mrs. Carter, for their home this afternoon, slightly improved.

Rev. Mr. Charles Matthews of Tipton, Kas., with his two little sons, will remain after the close of the assembly as the guests for a couple of days of Mr. and Mrs. E. C. Roberts. Mrs. Matthews and Mrs. Jay Brown of Toledo will be honor guests this afternoon at a tea given by Mrs. David Beveridge and her mother, Mrs. F. L. Ferguson.

Mrs. Charles Lucas and her daughter Margaret left Granville Sunday afternoon for their home in Louisville, Ky.

Dr. and Mrs. J. D. Thompson accompanied by their son McLean, and their sister, Miss Clara Wright, returned Saturday night from a lake trip of a week's duration.

Hugh Campbell of Mt. Vernon, an alumnus of Denison, Mrs. Campbell and her daughter, Mrs. Gower, also of Mt. Vernon, with her two children, were Granville visitors Sunday, returning home Sunday evening in their car.

Prof. E. G. Noylton, who occupies Mr. Dixson's home in West Maple street will soon move his family into the Dixson property on Prospect Hill, now occupied by Dr. H. R. Handley, and the Handley family will take possession of the old house in Broadway formerly known as Oakdale.

Mr. and Mrs. M. M. Shoemaker will give possession of the Litchie property in Broadview, purchased by E. C. Graves, and will move into the Jones property on South Prospect street, September 1.

Mrs. H. C. Tanner and son are spending a few weeks in Cleveland, with Dr. and Mrs. Tanner, where they have been joined by Dr. T. T. Teller for a visit before the boy goes to college.

The M. A. Lewis of Denison university, is on a vacation of his vacation at Coopersburg, Indiana, and other points of interest.

AMUSEMENTS

AUDITORIUM

Johanna Enlists.

Rupert Hughes and Frances Marion, there's a combination to be reckoned with. And Mary Pickford's latest Artcraft picture, "Johanna Enlists," which will be shown at the Auditorium theatre today, tomorrow and Wednesday, was pictured by Frances Marion from Mr. Hughes' story, "The Mobilizing of Johanna."

Those who see "Johanna Enlists" may be assured of a vehicle for their favorite little star that combines all the arts of literature, life, construction, force and humor, dramatically applied. Wm. D. Taylor directed "Johanna Enlists." He also did "How Could You, Jean?" with Miss Pickford and "Captain Kidd, Jr.," to be released in the near future with the same star.

The cast of "Johanna Enlists" is one of great excellence, with Douglas MacLean as leading man and including such well-known players as Monte Blue, Edmund Johnson, Anne Schaefer, Fred Huntley, John Stepling, Wallace Beery, Wesley Barry and others.

The big feature of the picture is undoubtedly the appearance in the military scenes of Mary Pickford's regiment, of which she is Godmother and Honorary Colonel—the 143rd Field Artillery, commanded by Co. R. J. Farrel. The regiment "hiked" or rather rode, to Los Angeles from Camp Kearny while Miss Pickford was making the picture and she "enlisted" her "boys" to appear in the big scenes. Therefore, they are decidedly realistic. This is not, however, a war picture. It deals with the experience of a body

strikes the front door of the convent. This portal usually tightly locked, is now opened, and she appears. Walking along upon the beach at Naples, about which is seen toward the shaft of Vésuvius, Berenice finds a trunk which contains boy's clothing. She quickly puts on a suit, thinking this will enable her to get aboard a ship and away. But before she starts she is destined to another adventure.

An American whom she meets along the beach is fascinated by the pretty Italian "boy." Learning that "he" wants to go to America he takes Berenice to his room and tells her to take a bath, thinking he has picked up a beachcomber of questionable cleanliness. When the "boy" does not come out of the bathroom as soon as "he" should the American enters and finds Berenice wrapped in a bathrobe, her long hair fallen down, and asleep.

Discovering that his "boy" is a girl the American cables to a New York convent asking that Berenice be met at the steamer by someone from the convent. But as neither Berenice or the Nun know the other the girl goes into New York homeless and friendless. She wanders about all day. Evening finds her sitting down to rest upon the steps of one of the fine old homes which line the North side of Washington Square.

Old and Young May See This.

Old and young alike may see "Never Too Old," the new Paramount-Mack Sennett comedy which is on view at the Auditorium theatre today. All the elements of farce comedy are embraced

are aiming at. In such comedy laughs depend on the situations. In "Be a Little Sport," for instance, take the scenes in which the preacher is shown. In the early part of the story I call up a regular preacher and tell him to be at my house at a certain time. When everything goes wrong and the girl I expected to marry disappears, I forget all about that regular preacher and in trying to get the \$100,000 my uncle has promised me if I marry on that day I frame up with a girl, who is practically a stranger to me, to go through a fake

GRAND.

Today, Beatriz Michelena will make her final appearance in "Just Squaw," a western romance, at the Grand this evening. Too much praise cannot be given this picture, for it is fascinating, thrilling and deeply impressive. In addition to the feature film "Patty" Arbuckle will present his funny film, "The Fourflusher."

"The Cambrie Mask."

An amazing story of high finance in which the plotters resort to White Rider outrages to obtain land through which a new railroad is supposed to pass and in which they are thwarted through the bravery of a young girl who joins the band, is filmed with tense realism in "The Cambrie Mask," the Alice Joyce picture, which will be seen in the Grand theatre Tuesday and Wednesday.

GIRL.

C. Gardner Sullivan, who wrote "Shark Monroe," the latest Artcraft picture, starring William S. Hart, which will be displayed at the Gem theatre next Tuesday is said to be the highest paid scenario writer in the film world. He is the author of more successful screen stories than any other writer, and in the character of "Shark" Monroe, master of the seas, he has created one more figure of fiction that is sure to become popular with all lovers of the screen drama.

DECLARIES HE IS
HIGHLY PLEASED
WITH NEW REMEDY

Well known Thornville citizen, suffered from sluggish liver, weak kidneys, Nervousness, loss of appetite and constipation.

New herbal remedy, Dresco, gave prompt relief and made him full of energy.

"Seemed like I lost my taste for everything tasted just alike. My stomach was out of order, so that I became weak, and three years ago I was laid up in bed from these troubles, only getting temporary relief from one dose to another," said Mr. Josiah Swick of Thornville, O., near Newark.

"My liver was sluggish, and I often had dizzy spells, spots floated before my eyes; my tongue was coated, and I had a foul taste in my mouth; my kidneys were weak, and I often had dull, aching pains in my back. After each meal I feel very uncomfortable caused by gastritis, which gave my stomach a full bloated feeling, often with a burning sensation.

"I dreaded night, to come because I was so nervous I could not sleep, but would roll and toss from one side of the bed to the other, and when morning came I would be more worn out and nervous than when I retired the night before.

"Since taking Dresco all these ills have disappeared. My bowels act regularly, no more dizzy spells attack me; the bad taste and foul breath are all gone. I stoop and bend over without a pain in my limbs and all the aches in my back in the region of my kidneys are gone. I sleep sound all night long, and have to be roused every morning. I can't say enough in praise of this great remedy Dresco.

Dresco is made from the juices and extracts of many herbal plants which grow on the virgin prairies promptly and in a pleasing manner. Dresco does not contain iron, mercury, poison.

Mr. Powers, the well known Dresco expert, has headquarters at Evans' Cut Rate Drug Store to meet the local public and explain the merits of this great remedy. See him today—Adv.

Human Desires.

Manager Fenberg offers at his Auditorium for three days beginning Thursday, Anita Stewart in her latest great feature "Human Desire." The story is as follows:

Her love for babies is the biggest force in the life of Berenice, an Indian girl living in a famous convent in Naples. So little does she know of the outside that when two American women come into the convent she asks them if there are real babies in the great world beyond.

The only baby she has seen is one in the arms of the Framprini Madonna, a famous work of art in the convent. Daily she takes little to lay in the arms of the Virgin whom she worships as much because the statue holds a child in her arms as because of the sacred nature of the representation. To her question regarding babies outside the convent, the women reply that there are babies everywhere in the world.

In America, one of the women says, there are many babies who are hungry and cold. This makes a deep impression on the mind of Berenice. Like most Italians she has heard of America, felt that she would like to go there, but the added lure of the babies makes her desire to go to the United States a tremendous one. She is overjoyed when her opportunity comes at an unexpected hour.

A great storm breaks and lightning

in the production and there are many humorous situations. Charlie Murray, Peter Roach, Eva Thatcher, Marie Prevost and Phyllis Haiver are the leading fun-makers.

ALHAMBRA.

All the world loves a lover, is an old adage and a true one. Therefor, it will culminate when it sees "The Gypsy Trail" with Bryant Washburn as the star at the Alhambra theatre today and tomorrow. Mr. Washburn is a true and tried lover, a bit bickward, winning in the end against a formidable rival in the person of a raver with the instincts of a vagabond, but who appears mightily for a time to the girl in the story. The characterization by Mr. Washburn is to be one of the most pleasing that

marriage ceremony, and I hire an actor to take the part of the preacher. Now, when we are ready for the fake marriage, and the actor fails to appear, and the regular minister shows up, the situation is naturally laughable. The audience knows that neither I nor the girl wants a regular marriage, and the audience knows that we are in a tight fix. This is the art in broad comedy. It is also the art in writing scenarios. Give people the unexpected in all seriousness, and I believe you are bound to make them laugh. I am pleased that Mr. Fox has chosen this kind of stories for me, because I believe the happy, fun-creating stories are the ones that people are looking for at the present time."

"Be a Little Sport" will be shown at the Alhambra theatre Wednesday and Thursday.

HOW MRS. BOYD
AVOIDED AN
OPERATION

Canton, Ohio—"I suffered from a female trouble which caused me much suffering, and two doctors decided that I would have to go through an operation before I could get well.

"My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. I refused, me, from my trouble, so I can do my house work without any difficulty. I advise any woman who is afflicted with female trouble to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them."—Mrs. MARY BOYD, 1421 6th St. N. E., Canton, Ohio.

Sometimes there are serious conditions where a hospital operation is the only alternative, but on the other hand so many women have been cured by this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, after doctors have said that an operation was necessary—every woman who wants to avoid an operation should give it a fair trial before submitting to such a trying ordeal.

If complications exist, write to Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice. The result of many years experience is at your service.

BIG WEEK WILL CLOSE BASEBALL SEASON IN CITY

Twilight League Leadership Will Be Decided Before Saturday With 5 Games to Be Played.

Tonight's game in the Twilight league at White Athletic field is the first of the contests in the closing week of play. Second and third places in the official standing of the teams is in doubt, and the league leaders and the runner-up are struggling hard for a better grip on the Haynes trophy cup.

The Hess auto team will make a strong bid for tonight's game as well as for the game with Midland that went for a tie last Friday night. Should Heisley be defeated in tonight's contest their chances for the pennant will be very slim. The fact that both the league leaders have hard battles outside of their big game must be taken in consideration when the deputes gather to prophesy the outcome of the week's games.

Tomorrow night's game is not only the biggest game of the week but the biggest game of the season. That it is an all important game indicates that a large crowd will be on hand to witness the battle.

Wednesday's schedule calls for the Buckeye-Midland game at which time the Buckeyes have their last chance to win another game to their credit as well as the last opportunity to clean up on the show men who already have taken their measure in the two former meetings.

Friday night's game will bring the B. and O. and the Wheelie teams for the first meeting, and probably the last game in the Twilight league. As the stove men have made a fine showing since their entry in the league, especially as they came in when all the rest of the teams were seasoned, a good contest may well be expected.

Good fortune smiled on the week's affairs in that no outside teams had scheduled any game for Thursday night. Permission was granted the league to play off the tie game of last Friday making a solid week of baseball as a fitting climax to the Twilight league season.

"Y" HIKERS TAKE MANY SWIMS IN NORTH FORK

Broadly speaking, an oft-repeated pleasure pains on the senses; but in some specific instances this statement breaks down. Did you ever know the small boy to get enough of swimming? A group of Y. M. C. A. boys set out Saturday morning for Horn's Hill intending to pay their compliments to the waterworks swimming hole. On the way to the hill, they dallied long enough to swim; after leaving the hill, on which the midday meal was cooked and eaten, they discovered a dandy swimming hole which had to be tested; returning past the waterworks they felt that a first-class opportunity was slipping, so stopped and had another dip at that place. To round out a perfect day, the crew decided they should take a final swim in the pool. The above recitation shows beyond a shadow of a doubt that swimming is one of the few pleasures that man has, and only when nuzzled beyond the dictates of health does it become unpleasant.

During the absence of Physical Director Olson, the secretary, C. P. Lender, and industrial secretary, W. L. Grieser, are commanding hikes, and directing the swimming pool classes.

YEOMEN OF 4 COUNTIES WILL HOLD LAKE OUTING

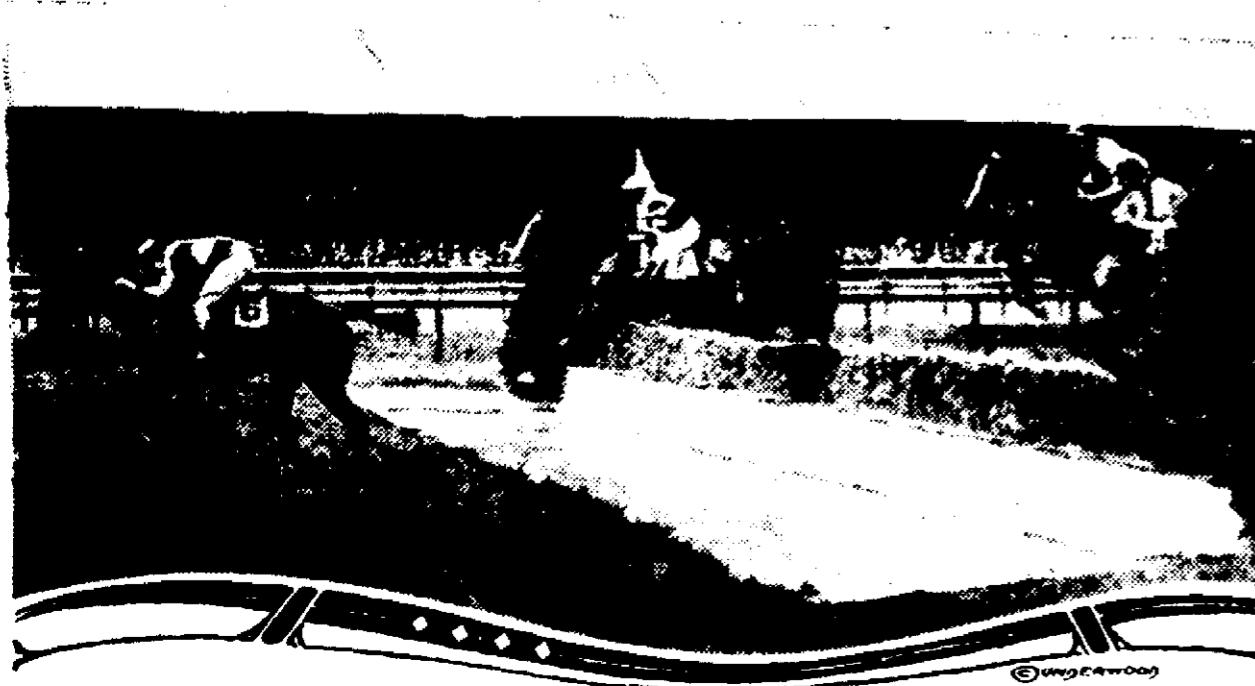

Plans are announced for a joint community picnic of the members of the Brothman of America Yeomen and the families of Franklin, Licking, Fairfield and Knox counties, to be held at Buckeye Lake, Sunday, August 17. It will be the first picnic to be held by the members of the organization in those counties. Arrangements have been made for special cars to leave both Columbus and Newark at 3 and 10 o'clock on the morning of that date.

Dr. Charles F. Smith of the Menesia, chief medical officer of the brotherhood, will be the principal speaker. Others who will speak are E. Otto Eberle and J. L. Dunbar of Columbus, P. E. Harrold, Columbus, district manager, will preside.

TRAP SHOOTERS OPEN BIG HANDICAP SHOOT

Chicago, Aug. 11.—The twentieth grand American handicap trap-shooting tournament opened on the traps of the South Shore Country club today with the largest list of entrants in the history of the event. The tournament will continue for five days, closing on Friday with the Grand American handicap feature event of the meeting. There are 684 entries for this event and it is expected that the post entries will bring the total up to \$90 from over state in the union, except four. The opening event today was the South Shore Country club special 100 targets at 16 yards for amateurs.

BASEBALL CONTROVERSY GROWS MORE HEATED

New York, Aug. 11.—The rival forces in the American League fight occasioned by President Ban Johnson's suspension of Pitcher Carl Mays engaged in preliminary skirmishing today preparatory to the hearing before the supreme court tomorrow on the question to restrain Johnson from interfering with Mays' rights with the Yankees.

The New York, Chicago and Boston clubs had representatives here for the meeting called by the New York owners to discuss the big case.

Johnson arrived in New York yesterday from Chicago. One of the employes of the New York American League club was waiting him on the station platform and as soon as Johnson appeared he was served with papers in the injunction proceedings.

The papers were served by Tris Speaker, manager of the Cleveland club, that he would protest the Yankees' victory at the Polo grounds yesterday, on the ground that field conditions had been violated prior to the game. In the absence of the manager, the protest was submitted in the first inning when the ball went from first base to third and the left field when Granger, the Indians' center fielder, threw the ball over Steinbrenner's head into the Yankee dugout in an effort to catch Frank Baker at the plate. Speaker contends that as the ball passed into the players' bench, Baker should have been allowed to go only to second and that Baker should have been safe at third.

Chicago, Chicago Athletic Association defeated the New York Athletic club in the trap shooting match Sunday 574 to 466.

"THANK YOU"

We owe smokers of this city this word of acknowledgment for the cordial spirit in which they helped us open our store on Saturday.

The welcome we received rang true as true hospitality always does.

It was not so much that the store's receipts on the opening day ran up into figures beyond our expectation. This was something to be proud of, of course, but better still were the words of kindly welcome which fell from every lip.

We were made to feel at home from the very start. That was the vital thing.

In recognition of this friendly expression on the part of the smokers of this city we cannot do more than say that it will be our effort to deserve it.

Mere thanks, however earnest they be, fall short of the occasion. We must pay our debt of gratitude in a better way, and this we will try to do, by making the UNITED CIGAR STORE here established a real addition to the town—a lively contributor to its active life, and another real enterprise, from the success of which this city as well as ourselves will derive a substantial benefit.

A PALPITATING HEART FILLED HIM WITH ALARM

But This and Charles Myers' Other
Bills Surrendered to
Nerv-Worth.

Among the "other bills" was rheumatism. Even the pains from that had to go. Said Mr. Myers to Untontown's Nerv-Worth druggist a few days ago: "Wade H. Guyton—for five years I have been very nervous and all run down. Stomach and digestion in very bad condition. Gas formed in my stomach and pressed against my heart, and caused it to palpitate and tremble. This greatly alarmed me and I was in a troubled state of mind and uneasiness as to the result. Had severe headaches and rheumatism. I tried all kinds of so-called remedies but got no relief whatever. I saw Nerv-Worth statements in the papers from men I knew who had been greatly benefited and I purchased one bottle of Nerv-Worth and took it as directed, and am glad to say that all the ailments mentioned have gone and I feel like a new man and with all my normal strength and vigor. Sleep good, stomach and digestion fine. Good appetite and no more pains. Nerv-Worth worked wonders for me."

The Hayes and Bell annual reunion will be held at the Bell church, four miles east of Utica, Saturday, August 16.

HAVE BIG CONCESSION.

For Brothers of this city left for Zanesville yesterday with their equipment and 20 men to operate the hot coffee, peanut and pop corn privilege at the Muskingum county fair this week. They will also handle near beer, soft drinks and lunch. They will handle the same concession, together with the exclusive ice cream privilege at the Licking county fair Sept. 9 to 12.

Foreigner Drinks Vinegar.

A foreigner was picked up early Sunday morning in an alley between Jefferson and Wilson streets and charged with intoxication. At his hearing before Mayor Atherton he claimed that he had purchased a jar of vinegar and on the way home tested its purity with the result that it knocked him out. The test put him back just \$5 and the costs. Frightens Thieves Away.

Early Sunday morning William Miller residing at 149 Indiana street, was awakened by hearing someone in his garden endeavoring to break his ear out of the bushes. Miller dressed and ran through the yard but the two men who had effected an entrance, saw him coming and took to their heels. He chased them a short distance but they eluded him. Miller could not give a description of the men as it was dark. There is no clue.

Attends Friend's Funeral.

Judge D. M. Jones went to Columbus today to attend the funeral of William Morris, a warm personal friend of the Squire, whose death was caused by being run over by an automobile on High street near the Neil House, August 2. Many Newark Masons will remember Billy Morris who was very faithful at the meetings of the different bodies at the Masonic Temple.

Steals 500 Pounds Sugar.

Dan Coffman, well known restaurant man in West Main street, reported to Chief Sheridan that 500 pounds of sugar were stolen from a storage room in the rear where he had stored it some days ago. Admittance was obtained by forcing a window with a Jim but nothing but the sugar was taken. Coffman's loss is over \$50 and there is no clue.

Chicken Dinner.

The Elk Lodge of this city has arranged for a spring chicken dinner at White City on Thursday of this week. Cantaloupe, watermelon and corn on the cob will also be served and visiting Elks from out of town will be welcome. It was announced. It is expected that over 150 plates will be served.

Seeing the Earth Rotate.

If a long pendulum is set swinging with its point of suspension free to turn, the plane of swing will remain fixed while the rotating earth sweeps around under it. This is the finest demonstration of the earth's rotation, and recently at Wellington, New Zealand, a pendulum only ten feet long showed the rotation with 40 secs. after the swing began.

MRS. CHAS. STOLTZ'S DEATH IS SUDDEN

The sudden death of Mrs. Catherine E. Stoltz, wife of Charles Stoltz, occurred Sunday afternoon at her home in Wilwood avenue. Mrs. Stoltz was stricken with acute urticaria poisoning and lived only a few hours.

She was born in this city January 28, 1871, and was the daughter of the late Mr. and Mrs. George Braunhold. On May 14, 1912, she was married to Charles Stoltz. Besides her husband she leaves six sisters and one brother: Mrs. Emma Smucker of this city, Mrs. Rollin Swisher of Columbus, Misses Pauline, Josephine, Henrietta, Julia, and Harry Braunhold of the home, and an aunt, Mrs. Charles Diebold of this city. Funeral services will be held Wednesday morning at 9 o'clock in St. Francis de Sales church and burial will be made in Mt. Calvary cemetery.

ANDREW CARNEGIE

(Continued from Page 1)
of laws from the Universities of Glasgow, Edinburgh, Birmingham, Manchester, McGill, Brown, Pennsylvania, Cornell and other American colleges.

Mr. Carnegie was a member of numerous philosophical, civic and scientific bodies, among them the American Institute of Architects, the American Society of Mechanical Engineers, the American Institute of Mining Engineers, The National Civic Federation, The American Philosophic Society and the New York Chamber of Commerce. He was commander of the Legion of Honor of France and had also received the Grand Crosses, Order of Orange Nassau and the Order of Daneborg.

PITTSTBURGH HONORS CARNEGIE.

Pittsburgh, Aug. 11.—This city, where Andrew Carnegie laid the foundation for his vast fortune in the steel business, today paid tribute to the dead magnate. Immediately after reading the Associated Press dispatch announcing Mr. Carnegie's death, Mayor E. V. Babcock ordered all flags in Pittsburgh lowered to half mast. At the Carnegie Institute, the name of Carnegie, his philanthropic works, which were made to impress the buildings with crepe in respect to the benefactor. The news of Mr. Carnegie's sudden death at Lenox spread rapidly through the city. At the steel mills, which bear his name, preparations were being made to suspend work and other institutions in which he was connected also planned such action.

TAKE NOTICE

Voters should not forget that tomorrow, Tuesday, Aug. 12th, the election will be held for Municipal Judge. The polls will be open at 5:30 in the morning, and will close at 5:30 in the evening.

The nomination to be held will be of more importance than the election itself in November, for the reason that the nomination will settle who will be elected judge.

Therefore each voter in the effort to get his choice must vote tomorrow, because if he does not vote tomorrow, he may be compelled in the Fall to vote for a candidate of his choice.

The law requires that the Municipal Judge shall be a lawyer.

B. G. Smythe has practiced law for fifty years, and he is now the senior member of the bar.

SENATE GETS COVENANT.

Washington, Aug. 11.—The original American draft of the League of Nations covenant, sent to the foreign relations committee today by President Wilson, contained several provisions widely differing from the league covenant as adopted at Paris.

The much beloved provisions of Article 10 of the present covenant for guaranteeing territorial integrity of league members is almost identical with the clause in the American draft.

WIFE CHARGES ASSAULT.

Anna Ball has filed a petition in common pleas court against John W. Ball. They were married May 9, 1916, and have one child two years of age. The plaintiff alleges that on July 30, 1919, the defendant assaulted her striking her in the face and blocking her eye, throwing her down and attempting to choke her. She alleges assault by him at other times and also states that he had failed to provide for herself and child. She asks for a divorce and the care and custody and control of the minor child.

ANSWER IS FILED.

An answer has been filed in common pleas court in the case of Fidelia Murphy against Freeman M. Murphy, in which the defendant admits marriage with the plaintiff July 19, 1918, and that one child, aged 10 years, was born of the union, and that a separation has existed since September, 1917, but denies every other allegation and asks that the petition of the plaintiff be dismissed.

ISHII CONCEALED TREATY.

Washington, August 11.—Existence of the secret treaty between Japan and Great Britain regarding the Shantung peninsula was "conceded" from Secretary Lansing by Viscount Ishii, Japanese ambassador to the United States. Mr. Lansing testified today before the senate foreign relation committee.

CONVERTED CHAPELS IN LONDON.

Other London places of worship have been converted to secular uses besides the Bedford Congregational chapel, Somers town, where a co-operative laundry is being organized. By far the most interesting of these from an antiquarian point of view is the Moravian chapel in Chelsea, now an artist's studio,
